Patents Showing: View as: Patents **1 - 9** on **page aggregator and heap allocator**. (0.09 seconds)

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

[APPLICATION] [Method and](#)

[apparatus for precisely identifying effective addresses ...](#)

US Pat. 11589492 - Filed Oct 30, 2006 - Sun Microsystems, Inc.

For example, clock and hardware-counter profiling may be specified, independently of or along with tracing of synchronization delays, memory (**heap**)

...

[APPLICATION] [System and method for mining data](#)

US Pat. 11455304 - Filed Jun 16, 2006

... complex collection variant // other variants not // Standard allocation

header // Standard **heap** data // ref. to name of database // other fields not ...

[APPLICATION] [Resource leak diagnosis](#)

US Pat. 11438791 - Filed May 22, 2006 - MICROSOFT CORPORATION

... maintaining a unique call stack database and all associated data structures in a **heap** and the **heap** is maintained in the target process's address space; ...

[APPLICATION] [Increasing data locality of recently accessed resources](#)

US Pat. 10968577 - Filed Oct 18, 2004 - Microsoft Corporation

This information is used to pack the hot **page**. Exemplary **Heap** Reorganization [0089] The CLR GC implements a variation of the generational mark-compact ...

[APPLICATION] [Method of interference management for interference/collision avoidance and ...](#)

US Pat. 10881414 - Filed Jun 30, 2004

... thus to maximize user satisfaction, which can be easily implemented using a standard greedy algorithm and a prioritized data structure such as a **heap**. ...

[APPLICATION] [Systems and methods in support of data base page synchronization](#)

US Pat. 10826509 - Filed Apr 16, 2004 - Microsoft Corporation

The database engine of claim 2, the **heap** allocation component and the **page aggregator** component enforce a set of conditions on a transaction that operates

...

[Calendar **heap** system and method for efficient sorting](#)

US Pat. 7236495 - Filed Oct 25, 2002 - Alcatel Lucent

As will be seen in additional detail hereinbelow, a particular data structure, called the calendar **heap** (CH) structure, is utilized for efficiently sorting ...

[APPLICATION] [Hierarchical scheduler architecture for use with an access node](#)

US Pat. 10280894 - Filed Oct 25, 2002

... **heap** and calendar **heap** data structures in the scheduling core provides simpler database arrangements leading to efficient switching. ...

Method of instrumenting garbage collection generating a trace file making a ...

US Pat. 6434575 - Filed Nov 12, 1998 - International Business Machines Corporation

Heap compaction is costly and may not be performed during each garbage ... **Heap**
65 compaction may be done when there is insufficient space on the **heap** to ...

 Stay up to date on these results using the patents RSS feed on **page aggregator and heap allocator**.
